Gorgeous 4.33+/- acres of flat land that is absolutely perfect for a new family and to work from home. 2800 square foot insulated shop large enough for everything with two wood stove heated bays and a third bay door large enough for an RV. You will no longer have to pay for garage, warehouse or shop space in town as you can work here...and plenty of land to add on if needed. The home features an open concept with wood floors in the living area as well as a wood burning fireplace that will heat the entire home. Large kitchen with more counter space than you will need and an eat up bar as well as tons of cabinets and a dining area make this perfect for any family. Off the back of kitchen you will find a serene sunroom that takes you to the gigantic back deck overlooking nature. Down the hall are two spacious bedrooms and a bathroom for the kids and a good sized master bedroom with a walk-in-closet and ensuite with dual vanities, jacuzzi tub and private walk-in shower. Oversized garage has room for cars and toys.
